### STATEMENT

2022-02-25

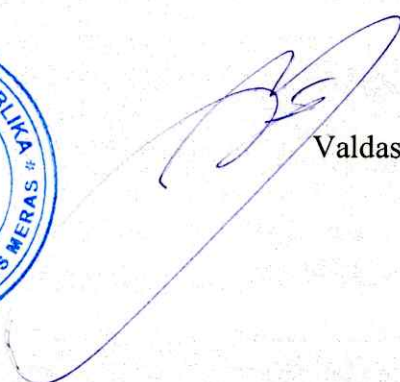

Dear Mayor of Grodno city,

As Russia launches an open war in Europe, we are following the events with great concern and we condemn Russia's open and widespread aggression against an independent, peaceful and democratic Ukraine.

The Eastern partnership is based on common European values: respect for human rights and freedoms, democracy, the rule of law. In pursuit of these values, we are asking you to end military aggression against Ukraine.

Deputy Mayor of Municipality

  
Valdas Petras Mikelionis
